Notice of Grounds for Proposed Tariff

SOCAN Tariff 13.B – Public Conveyances – Passenger Ships

December 15, 2021

1. Description of Uses Covered by the Proposed Tariff

This tariff applies to public performances and communications to the public by telecommunication of musical works in SOCAN's repertoire by means of recorded music in a passenger ship.

2. Description of Users / Groups of Users Covered by the Proposed Tariff

Users are passenger ship operators, such as Ontario Waterway Cruises in Orillia, Ontario.

3. Explanation of How Royalties are Determined

The proposed royalty rate for 2023-2025 is \$1.34 per person per year, based on the authorized passenger capacity of each ship, subject to an annual minimum fee of \$79.83 per ship. The proposed royalty is an inflationary increase based on the Board's established inflation adjustment methodology from the previously-approved rate, which has been in place since 2015.

4. Submissions on the Collection of Information

The tariff requires each licensee to report its authorized passenger capacity by January 31 in the year covered by the licence.

5. Explanation of Changes from Previously Approved Tariff

There are two changes from the previously-approved tariff:

1. The proposed royalty for 2023-2025 is an inflationary increase, as described above.
2. The tariff wording has been amended to clarify that the tariff also covers communications to the public by telecommunication.
