Short Title

1. This tariff may be cited as the *Commercial Radio Reproduction Tariff (CMRRA, SOCAN, Connect/SOPROQ, and Artisti: 2024-2026)*.

Definitions

2. In this tariff,

“Act” means the *Copyright Act*; (« *Loi* »)

“collective societies” means CMRRA, SOCAN, Connect/ SOPROQ and Artisti; (« *sociétés de gestion* »)

“French-language station” means a station that is licensed by the Canadian Radio-television and Telecommunications Commission (CRTC) to operate in the French language or as an ethnic station, including the stations listed in Schedule A to this tariff (« *station de langue française* »)

“gross income” means the gross amounts paid by any person for the use of one or more broadcasting services or facilities provided by a station’s operator, including the value of any goods or services provided by any person in exchange for the use of such services or facilities, and the fair market value of non-monetary consideration (e.g. barter or “contra”), but excluding the following:

(a) income accruing from investments, rents or any other business unrelated to the station’s broadcasting activities. However, income accruing from any allied or subsidiary business that is a necessary adjunct to the station’s broadcasting services and facilities or which results in their being used, including the gross amounts received by a station pursuant to turnkey contracts with advertisers, shall be included in the “gross income”;

(b) amounts received for the production of a program that is commissioned by someone other than the station and which becomes the property of that person;

(c) the recovery of any amount paid to obtain the exclusive national or provincial broadcast rights to a sporting event, if the station can establish that the station was also paid normal fees

for station time and facilities; and

(d) amounts received by an originating station acting on behalf of a group of stations, which do not constitute a permanent network and which broadcast a single event, simultaneously or on a delayed basis, that the originating station subsequently pays out to the other stations participating in the broadcast. These amounts paid to each participating station are part of that station's "gross income."

In the case of CMRRA and SOCAN, this definition is understood to include any income from simulcast; (« *revenus bruts* »)

"low-use station" means a station that

(a) as to CMRRA and SOCAN, broadcasts works in the performing rights repertoire of SOCAN for less than 20 per cent of its total broadcast time (excluding production music) during the reference month;

(b) as to Connect/SOPROQ and Artisti, broadcasts published sound recordings of musical works for less than 20 per cent of its total broadcast time (excluding production music) during the reference month; and

(c) keeps and makes available to CMRRA, SOCAN, Connect/SOPROQ and Artisti complete recordings of its last 90 broadcast days; (« *station à faible utilisation* »)

"month" means a calendar month; (« *mois* »)

"performer's performance" means a performer's performance that has been fixed with the authorization of the performer; (« *prestation* »)

"production music" means music used in interstitial programming such as commercials, public service announcements and jingles; (« *musique de production* »)

"reference month" means the second month before the month for which royalties are being paid; (« *mois de référence* »)

"service provider" means a professional service provider which may be retained by a collective society to assist in the conduct of an audit or in the distribution of royalties to rights holders; (« *prestataire de services* »)

"simulcast" means the simultaneous, unaltered, real-time streaming of the over-the-air broadcast signal of the station, or of another station that is part of the same network as the station, via the Internet or other similar digital network; (« *diffusion simultanée* »)

"year" means a calendar year. (« *année* »)

Application

3. (1) This tariff sets the royalties to be paid each month by commercial radio stations

(a) in connection with the over-the-air broadcasting operations of a station,

(i) to reproduce in Canada musical works in the repertoire of CMRRA or SOCAN, sound recordings in the repertoire of Connect or SOPROQ, and performers' performances in the repertoire of Artisti; and

(b) in connection with a simulcast, to reproduce in Canada musical works in the repertoire of CMRRA or SOCAN.

(2) This tariff also entitles a station to authorize a person to reproduce a musical work or performer's performance for the purpose of delivering it to the station, so that the station can use it as permitted in subsection (1).

(3) This tariff does not authorize the use of any reproduction made pursuant to subsection (1) in association with a product, service, cause or institution.

6. All royalties payable under this tariff are exclusive of any federal, provincial or other governmental taxes or levies of any kind that may apply.

Administrative Provisions

7. No later than the first day of each month, a station shall

- (a) pay the royalties for that month;
- (b) report the station's gross income for the reference month;
- (c) provide to CMRRA and SOCAN, for the reference month, the gross income from any simulcast, as well as the number of listeners and listening hours or, if not available, any other available indication of the extent of the listeners' use of simulcast; and
- (d) provide to the collective societies the sequential lists of all musical works and published sound recordings, or parts thereof, broadcast during each day of the reference month. For greater clarity, sequential list reporting requires full music use reporting for each day of the month, for 365 days per year.

8. At any time during the period set out in subsection 10(2), a collective society may require the production of any contract granting rights referred to in paragraph (c) of the definition of "gross income," together with the billing or correspondence relating to the use of these rights by other parties.

Information on Repertoire Use

9. (1) Each entry provided under paragraph 7(d) shall include the following information, where

available:

- (a) the date of the broadcast;
- (b) the time of the broadcast;
- (c) the title of the sound recording;
- (d) the title of the musical work;
- (e) the title of the album;
- (f) the catalogue number of the album;
- (g) the track number on the album;
- (h) the record label;
- (i) the name of the author and composer;
- (j) the name of all performers or the performing group;
- (k) the duration of the sound recording broadcast, in minutes and seconds;

- (n) the International Standard Recording Code (ISRC) of the sound recording; and
- (o) the cue sheets for syndicated programming, with the relevant music use information inserted into the report.

(2) The information set out in subsection (1) shall be provided in electronic format (Excel format or any other format agreed upon by the collective societies and the station) where possible, with a separate field for each piece of information required in subsection (1) other than the cue sheets which are to be used to insert the relevant music use information into each field of the report.

(3) For certainty, the use of the expression “where available” in subsection (1) means that all the listed information in the station’s possession or control, regardless of the form or the way in which it was obtained, must mandatorily be provided to the collective societies.

Records and Audits

10. (1) A station shall keep and preserve, for a period of six months after the end of the month to which they relate, records from which the information set out in subsection 9(1) can be readily ascertained.

(2) A station shall keep and preserve, for a period of six years after the end of the year to which

they relate, records from which the station's gross income can be readily ascertained.

(3) A collective society may audit the records referred to in subsections (1) and (2) at any time during the period set out therein, on reasonable notice and during normal business hours. The collective society shall, upon receipt, supply a copy of the report of the audit to the station that was the object of the audit and to the other collective societies and Re:Sound Music Licensing Company ("Re:Sound").

(4) If an audit discloses that royalties due have been understated in any month by more than 10 per cent, the station shall pay the reasonable costs of the audit within 30 days of the demand for such payment.

Confidentiality

11. (1) Subject to subsections (2), (3) and (4), information received from a station pursuant to this tariff shall be treated in confidence, unless the station that supplied the information consents in writing and in advance to each proposed disclosure of the information.

(2) Information referred to in subsection (1) may be shared

(a) amongst the collective societies, Re:Sound, and their respective service providers to the extent required by the service providers for the service they are contracted to provide;

(b) with the Copyright Board;

(c) in connection with proceedings before the Board, if the station had the opportunity to request that it be protected by a confidentiality order;

(d) to the extent required to effect the distribution of royalties, with royalty claimants; or

(e) if required by law.

(3) Where confidential information is shared with service providers as per paragraph (2)(a), those service providers shall sign a confidentiality agreement which shall be shared with the affected station prior to the release of the information.

(4) Subsection (1) does not apply to information that is publicly available, or to information obtained from someone other than the station that supplied the information and who is not under an apparent duty of confidentiality to that station with respect to the supplied information.

Adjustments

12. Adjustments in the amount of royalties owed (including excess payments), as a result of the discovery of an error or otherwise, shall be made on the date the next royalty payment is due.

Interest on Late Payments

13. Any amount not received by the due date shall bear interest from that date until the date the

amount is received. Interest shall be calculated daily, at a rate equal to one per cent above the Bank Rate effective on the last day of the previous month (as published by the Bank of Canada). Interest shall not compound.
