For the public performance of musical or dramatico-musical works.

Effective Period: 2026-01-01 – 2028-12-31

### SOCAN TARIFF 19 – PHYSICAL EXERCISES AND DANCE INSTRUCTION (2026-2028)

Proposed statement of royalties to be collected by the Society of Composers, Authors and Music Publishers of Canada (SOCAN) in compensation for the performance in public, in Canada, of musical or dramatico-musical works forming part of its repertoire.

#### *Royalties*

For the performance, at any time and as often as desired in the years 2026 to 2028, of any or all of the works in SOCAN's repertoire, in conjunction with physical exercises (dancercise, aerobics, body building and other similar activities) and dance instruction, the annual royalty for each room in which performances take place is \$3.62 multiplied by the average number of participants per week in the room, with a minimum annual fee of \$108.23.

#### *Terms and Conditions*

No later than January 31 of the year for which the tariff applies, the user shall file with SOCAN a statement estimating the average number of participants per week for each room in which performances are expected to take place during the year, together with the payment of the estimated royalties.

No later than January 31 of the following year, the user shall file with SOCAN a report setting out the actual average number of participants per week for each room in which performances took place during the year covered by the tariff. Any monies owed shall then be paid to SOCAN; if the royalties due are less than the amount paid, SOCAN shall credit the user with the amount of the overpayment.

SOCAN shall have the right to audit the user's books and records, on reasonable notice and during normal business hours, to verify the statements rendered and the royalties payable by the user.

All amounts payable under this tariff are exclusive of any federal, provincial or other governmental taxes or levies of any kind.

Any amount not received by the due date shall bear interest from that date until the date the amount is received. Interest shall be calculated daily, at a rate equal to 1% above the Bank Rate effective on the last day of the previous month (as published by the Bank of Canada). Interest shall not compound.
