Dear Mr. McDougall:

**Re: Re:Sound Proposed Tariff No. 3.B for 2019-2022**  
**Publication Date: May 5, 2018**  
**Deadline to Object: July 4, 2018**  
**Our Ref.: 107437-0024**

GoodLife Fitness Centres Inc. ("GoodLife"), hereby objects to certification of **Re:Sound's** proposed **Tariff No. 3.B** for the years **2019-2022**, published in the *Canada Gazette* (the "Gazette") on May 5, 2018.

GoodLife submits that, at this point in time:

- It is unclear whether the proposed tariff, as worded, would apply to GoodLife (for reasons which include scope of the collective's repertoire, potential changes to wording of the tariff, relationship between this tariff and others, and business plans of GoodLife); and
- The use of music, if any, must be valued within the context of responses to the preceding unknown variables.

GoodLife files this objection to preserve its rights to participate in the proceedings, should this be necessary.

Yours very truly,
